Takaro	Trunky	021 170 5010	trunky.johnson55@gmail.com

CONDITIONS FOR CHALLENGES

1. All games are 18 ends, no time limit. In the event of a drawn game, the trophy remains with the holders, except the Ainslie Shield where one game is lost, one game won, the differential becomes effective.
2. The playing day must be mutually agreed to by the holding club and the challenging club but must be played before the date of the next challenge. Any club unable to play on the set day or agreed day shall forfeit the game. Any forfeiture or intention to forfeit must be notified to the opposing club and the Challenge Trophy Convenor, at a time not to inconvenience the next Challenge Round.
3. Winners in each case must contact the next challenge within 48 hours and arrange for the next match. Clubs failing to do this will automatically default and must arrange for the trophy to be forwarded to the challenger prior to next game. Immediately following every match, the winning club must forward the result directly to the Convenor.
4. In the event of weather making play impossible on the day listed, or on the following day, should the clubs have agreed to play on the later day, the challengers will have their challenge transferred to the end of the list. The holders will then contact the next challenger and at the same time advise the Convenor.
5. In the event of a challenge being rained out, provided that 12 ends have been played, the result at that stage will count. If only 14 ends have been played and then rained out, the holders will retain the trophy.
6. If the holder of a Centre Trophy at the beginning of the season is beaten, that club shall not have the customary final challenge.

Please let the Convenor know the results within 24 hours
